

Greetings everyone.

I wanted to give a quick update on what is happening in Kenya.

Every time we talk to Tom and Marg, we get more excited about what God is doing in His work. Tom reported that several young ladies from orphanages were enrolled in school. They came with a lot of “baggage” attitudes. Of course we expect difficulties when we are dealing with young people whose life experiences have left them defensive and rebellious. Thankfully, we have teachers and leadership whose commitment is such that they see beyond the students actions to the potential each one has once their lives have been devoted to Jesus.

This past semester was a good example of what can happen when Jesus comes into a young persons life. Several of our girls and staff began to witness to the new students and soon they felt conviction from the Holy Spirit and committed their lives to Jesus. When they responded to God’s call, their lives changed dramatically.

An area high school asked that we bring our students to give their testimony during assembly time. After their testimony and Tom’s message, over 30 students at the high school accepted Jesus as their personal savior. Our students got so excited they started planning how to evangelize in the villages. Now they are going door-to-door witnessing about the power of God to change lives.

Tom is very excited about these “missionary” young people because it is a fulfillment of a dream God gave him many years ago. He felt that God was going to win the area around our school by using the youth to witness for Jesus.

In addition to the spiritual growth in our students, several of them have recently taken the government skills exam and received their certification of qualification in the classes they completed at our school. This document qualifies them

to go into the community as skilled craftsmen in their chosen trade.

What a blessing to add evangelical businessmen and women to the social structure of Kenya. God is so good to let us be an integral part of this process. Please rejoice with us as our partners. Because of your sowing seeds of finances and prayers, we are reaping a harvest of souls in Kenya.

ON THE HOME FRONT

Kingdom Ministry Funding has put on two of their three fund raising events and we had a great time with them. The last event is coming up and we want to invite everyone to participate in this fun time. We will be conducting a Clay Pigeon Shoot at the Elm Fork Shooting Range on Luna road in north Irving on October 13th. Please consider getting a foursome together to come out and compete in the shoot. Breakfast and lunch will be included. Also, there will be raffle tickets for a beautiful shotgun and a beautiful knife made by Dennis Drysdale. It's easy to get involved, just go online at www.kingdomministryfunding.com and register. You don't have to come to the shoot to participate in the raffles. The raffle tickets can be purchased from the same website.

Thank you and God bless you for partnering with us for Kenya,

Steve and Betty Bishop
