Hello again from the wonderful country of Kenya. Well the New Year has started off great with the opening of the trade school. Our student intake is increasing daily. We have students attending Auto Mechanics & Computer classes. We are so excited to see how the lives of our students will be improved because of the skills training and Bible teaching they will receive.

We are still in building mode here on the farm. We are looking forward to the completion of our new chicken fortress (top left). We have brought approx. 140 new chickens in anticipation of filling the palace. We are also close to completion of our new storage shed (top right) which is much needed and will house our tractor and other equipment.

As you can see from our photo (lower left) we had a wonderful Christmas visit with our good friends Phil & Starlene Harman.

It was great to spend the holidays with family and friends.

We are doing well and loving life here on the farm.

Please let us know if you are receiving these newsletters as we would love to hear from you. As always please keep us and the school in your prayers.

Yours faithfully,

Tom & Marg
